Is 2025 your year to become a Certified Forest Bathing Guide? Want to be your own boss while nurturing a deeper connection with nature—for yourself, your clients, and the future of our planet? As nature lovers, we share a common concern: while we cherish the natural world, the impact of climate change and biodiversity loss can feel overwhelming. We also crave a slower pace, a simpler life, far removed from the "more, more, more" mentality.

It can leave you wondering how to live a happy, healthy life and be part of the solution. What you're longing for is likely: a deeper connection to nature that eases anxiety and nourishes your soul; a fulfilling and financially rewarding career where you're in control; a strong sense of purpose; a feeling of belonging.

At Adore Your Outdoors, we believe Forest Therapy Guiding, with a business rooted in nature, offers a path to truly joyful living—for you and future generations. We believe those who nurture a sustainable future deserve both financial reward and deep fulfilment.

As a certified Forest Bathing Guide, you can:

- Be your own boss and revitalise your career.
- Embark on a profound journey of self-discovery.
- Become a certified, trusted professional.
- Create transformative experiences.
- Harmoniously combine purpose with profit.
- Join the Forest Bathing revolution.

Choose from the fully online learning path or a hybrid approach with a transformative week together in Hampshire. With three intakes in 2025, you can find the perfect fit for your schedule.
